Dear Class:

Assignment 1 has been graded. I will return each student's assignment with their scores in individual emails that will follow shortly.

Each question is rated on 3 aspects, each on a 3 point scale, as described in the grading rubric. So the maximum possible total score is 27. As stated in the rubric any individual student's score is not to be interpreted as a percentage score. The class performance on total scores is summarized below.

High score: 26

Low score: 15

Average: 19.9

Median: 19

Stay safe and comply with stay-at-home requirements! Hope everyone is doing well.
