Dear Professor,

My name is Tiba, and I am the current membership officer of the Association for Computing Machinery (ACM) Student Chapter at UTSA. We are an organization dedicated to furthering students' academic, professional, and social success outside of the classroom, mainly focused on students in the technology and computing fields.

We will be having our first informational meeting (**ACM Open House**) this Wednesday, **Jan. 27th, at 5:15 pm on Zoom** (link: www.tinyurl.com/y2pxm3rl).

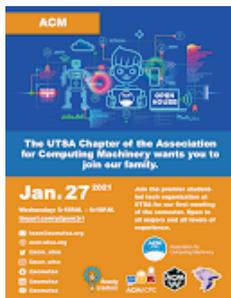

Attached below are two flyers, one for our ACM Open House, and the other showcasing all of our upcoming events this week. Also, I have linked below an introductory video that explains what our organization is about.

We would appreciate it if you can share this information with your students by either forwarding this email or through Blackboard announcements. We have so many exciting meetings planned for this semester, and we can't wait for everyone to attend!

Thank you,

Tiba Al Anssari
